

走進校園 - 向大學學生介紹香港AEO計劃 Introducing HKAEO Programme to University Students

為了讓有意投身與供應鏈工作相關行業的本地年青人認識香港認可經濟營運商(AEO)計劃，海關供應鏈安全管理科與香港城市大學商學院合作，向就讀營運與供應鏈管理碩士課程的學生介紹香港AEO計劃。

認識AEO的概念

網上簡介會於2021年9月20日舉行，除了介紹香港AEO計劃的內容和多項好處之外，並讓同學認識由世界海關組織倡議的AEO概念，它是如何透過海關和企業的夥伴合作，加強國際供應鏈安全、便利合法貨物流動和推動經濟發展。

OSCS officers and Dr. WANG Jianfu (center), Programme Director of MSc Operations & Supply Chain Management, CityU.

供應鏈安全管理科人員與香港城市大學營運與供應鏈管理碩士課程主任王健夫博士(中)

In order for young people who would like to work in supply chain related industries to know more about the Hong Kong Authorized Economic Operator (AEO) Programme, our Office of Supply Chain Security Management (OSCS), in collaboration with College of Business of City University of Hong Kong (CityU), introduced the Programme to their postgraduate students of Operations and Supply Chain Management.

Understanding the Concept of AEO

An online briefing session was conducted on 20 September 2021, in which we introduced to the students about the main frame and various benefits of the HKAEO Programme. We also provided them with an understanding to the AEO concept advocated by the World Customs Organization, which entailed how Customs-to-Business partnership would enhance international supply chain security, facilitate movement of legitimate goods, and promote economic development.

適逢中秋佳節，祝大家身體健康、佳節愉快。
Wishing you good health and a happy Mid-Autumn Day.
